Pregnant Hilaria (right) warned Alec to stay way from Lindsay

LOHAN ROCKS ALEC'S MARRIAGE

ALEC BALDWIN's pregnant young wife has a message for Lindsay Lohan: Keep your hands off my man!

The warning comes after 26-year-old Lindsay saw Alec, 55, perform in the Broadway play "Orphans" and paid him a surprise visit backstage.

"LINDSAY WAS A gushing mess when she congratulated Alec," a source close to the "30 Rock" Emmy winner told The ENQUIRER. "She was all over him, telling him how brilliant he is and how much she admires him.

"And he was lapping it up."

Pair's flirting MAKES BALDWIN WIFE SEE RED

But when Alec's new bride, 29-year-old yoga instructor Hilaria, found out about the cozy meeting, insiders say she hit the roof – and warned Alec to stay away from the "Mean Girls" star.

"Hilaria was furious when she heard how touchy-feely Lindsay was, and Alec pretty much walked into a hornet's nest when he got home that night," the source continued. "She's smart enough to know that Lindsay is a desperate woman on the hunt for a sugar daddy – or at the very least a badly needed career boost – and she's outraged that Lindsay would show up like that and flirt outrageously with her husband while she's pregnant with their baby."

Hilaria, who married Alec last June, still has full faith in her hubby, says the source – but she doesn't trust Lindsay at all.

"Hilaria's convinced Lindsay would stop at nothing to get her claws into someone with as much clout as Alec," noted the source. "And she doesn't want Alec to even be in the same room with her."

But Hilaria should at least be able to rest easy for a while, seeing how Lindsay started serving a 90-day court-ordered rehab stint on May 2!

Heather SNAGS A PLASTIC SURGEON

Lucky Locklear GETS NIPS & TUCKS FOR FREE

The actress out for dinner with Dr. Marc Mani

SUCH a deal! Heather Locklear not only gets to date a famous plastic surgeon, she can also get her nips and tucks done at no charge, says an insider.

The 51-year-old beauty is hot and heavy with Dr. Marc Mani, 44, who appeared on TLC's "Plastic Surgery Beverly Hills" – and a friend says they're the perfect couple.

Heather with Tommy Lee...

...and with Richie Sambora

"MARC RESPECTS AND cares for Heather, and she really likes him," said a close source.

"He'll recommend only the procedures he believes are best for her, and he wouldn't dream of charging her a dime. Who wouldn't want a deal like that?"

The pair met not long ago when the "Dynasty" beauty went to his office for a consultation.

"Not long afterward, Marc called her for a date," said the source. "They've been out a number of times since, and now they're crazy about one another."

Heather has hooked a real winner, say pals. "Forbes" magazine listed Dr. Mani as one of the top 10 plastic surgeons in the country.

"He's a scrupulous surgeon and a very grounded guy," said the close source. "Heather can totally rely upon him, and he'll keep her on the straight and narrow."

The distinguished physician is remarkably different from the hard partiers in Heather's past. She was hitched to Motley Crue wild man Tommy Lee for seven years and then to Bon Jovi guitarist Richie Sambora for 13. In 2011, the beauty got engaged to "Melrose Place" co-star Jack Wagner, but even though he stayed away from the party scene, things just didn't work out.

"Now that she's moved on with Marc, her life is on the upswing," said the source. "She's even finding new acting work."

PAULA'S A LUCKY CHARM FOR ARSENIO

His career takes off again AS COUPLE REUNITES

EVERYTHING old is new again in Arsenio Hall's world!

He'll be back on TV with a new talk show in September, and he's romancing old girlfriend Paula Abdul.

The two, who first dated back in 1989 and have reunited a few times since then, were spotted getting cozy at a Los Angeles Dodgers game on May 1. Now, sources say they're both ready to pick up where they last left off.

"Arsenio adores Paula and is determined to make their relationship work this time," said a source.

"She's like his good luck charm, and when Paula's in his life, great things happen for Arsenio."

During an interview in 2009, Arsenio raved about the former "American Idol" and "X Factor" judge.

ARSENIO, 58, CALLED 50-YEAR-OLD Paula the "best girl to hang with on the planet," adding: "I was madly in love with her...That's my girl to death and I'm always there for her."

As The ENQUIRER reported in 2011, Arsenio – who hosted a late-night talk show from 1989 to 1994 – decided to make a TV comeback because Paula convinced him it was the right time, and that she could pull some strings to help.

"Arsenio was afraid people had forgotten him, but Paula said a whole new generation was waiting for his humor," an insider told The ENQUIRER. The bouncy "Straight Up" singer put word out to her network exec pals, and now Arsenio's new syndicated show will debut Sept. 9.

But while Arsenio got busy with the gabfest, Paula spent last year getting close to hunky Rhode Island businessman John Caprio, 41.

"Paula hoped that John was going to pop the question by her 50th birthday last June," said the source.

When that didn't happen, Paula and Arsenio reunited for a second time, as The ENQUIRER reported. Then, last fall, Caprio begged Paula to come back, and they were photographed holding hands in Beverly Hills this past November.

"Paula was crazy in love with John, so she gave him a second chance," said the source.

"But the romance fizzled and now it appears she's moved on...back to Arsenio, who's always held a torch for her."

Kris Kross rapper DIDN'T HAVE TO DIE

'Jump' singer was SET TO GO TO REHAB before overdose

KRIS KROSS rapper Chris Kelly had promised his loved ones he'd go to rehab not long before tragically dying of an apparent drug overdose, sources tell The ENQUIRER.

That's the heartbreaking secret behind the untimely death of the 34-year-old, who, along with musical partner Chris Smith, shot to fame in the early '90s with the chart-topping single "Jump."

According to sources, Smith was devastated by his friend's death.

"He was very upset and crying so hard he couldn't talk," a family insider revealed. "Chris (Smith) had been trying for a long time to get his friend into rehab. He actually begged him earlier this year when he found out he was using heroin – and finally he'd agreed."

THE INSIDER SAYS THE TWO MEN were in the process of making a comeback and had recently reunited with their old record label, So So Def, for the record label's 20th Anniversary All-Star concert.

"Chris (Kelly) knew their comeback would go nowhere if he didn't get clean," the insider continued. "He knew what he had to do and seemed ready and willing to do it.

"His mom said he had been researching various rehabs and making plans for a month-long absence from his daily life when he got sick after taking cocaine and heroin."

Kelly's mother, Donna Kelly Pratte, 54, and his uncle, Lamar Williams, 52, told authorities the entertainer had a history of drug abuse. Emergency crews found him unresponsive on a couch at his Atlanta home on May 1 and tried to resuscitate him. He was later pronounced dead at a local hospital.

Kris Kross was discovered at an Atlanta mall in 1990 by record producer Jermaine Dupri. In addition to their infectious single "Jump," they made a mark on the fashion world by wearing their clothing backward.

"Chris was struggling, but it seemed he'd finally committed to battling his demons," said the insider. "Sadly, like many addicts, he didn't make it."

REESE WITHERSPOON's estranged stepmom is trying to cash in on the Oscar-winner's embarrassing disorderly conduct arrest.

The ENQUIRER has learned that 61-year-old Tricianne Taylor-Witherspoon, who is married to Reese's dad, John, but admits she has never actually met the "Walk The Line" star, is trying to sell a shocking tell-all about how Reese "destroyed" their family – and she's holding out for a $100,000 payday to expose the actress' secrets.

"BASED ON REESE'S BEHAVIOR in those police videos following her recent arrest, I believe she has a serious drinking problem and needs to get professional help," Tricianne told The ENQUIRER.

"I think Reese's father is living in denial about the severity of her drinking, because he insists that the entire arrest was a set-up by police."

Tricianne, who married John Witherspoon in January 2012, says she believes Reese "was so awful and disrespectful to her father" at the beauty's March 2011 wedding to talent agent Jim Toth that Reese's father "almost bailed on her and refused to walk her down the aisle."

"Reese shows very little respect for her father, and he's been ostracized by her because she's so angry that he married me."

The "Legally Blonde" actress made headlines last month when she was arrested for disorderly conduct in Atlanta after her husband, Toth, was pulled over for DUI.

An embarrassing police dash-cam video of Reese's arrest went viral on the Internet. In it, the 37-year-old star can be heard

saying: "Do you know my name? You're about to find out who I am." She also repeatedly proclaims she's an "American citizen."

REESE HAS REPEATEDLY apologized for her bad behavior. She pleaded no contest to a disorderly conduct charge and paid a $100 fine. Toth, 42, pleaded guilty, and was ordered to perform 40 hours of community service and to attend an alcohol education program. He also had to pay a $600 fine.

The tension between Reese and her father's new wife has been simmering for a while. Last year, the actress sided with her mother, Mary Elizabeth, 64, in a lawsuit against John and Tricianne.

In the lawsuit, Mary claims that John, 71, committed bigamy when he wed Tricianne. Although Mary and John have been separated since 1996, she insists they have never officially divorced. She also claims John is suffering from early-onset dementia and claims he has a history of drinking.

In addition to the lawsuit, Mary also took out a restraining order against Tricianne, claiming she's misusing the family name.

But Tricianne is eager to tell her side of the story – as long as the price is right.

"Reese is not the sweet, innocent girl next door that her fans think she is," added Tricianne. "Not even close!"

FAT'S SO CRUEL!

Owner banned from club for chubbies – AFTER SHE LOSES 238 LBS

THE female founder of the world's first night club for chubby gals learned that thin isn't in – after she lost 238 pounds and was forced out of her own club!

"Plus-size girls didn't want to be around a skinny girl," Club Curves founder Shadoe Gray told The ENQUIRER.

"They turned on me. They said things like, 'You're a sell-out! A hypocrite!'"

Shadoe weighed 350 pounds in 1997 when she opened her Los Angeles hotspot, describing it as "a nightclub for plus-size women and the men who like them."

"I STARTED IT BECAUSE THERE weren't any clubs for plus-size girls," said Shadoe, who spent years preaching the gospel of size acceptance.

"We'd have 500 people crammed inside with a line of people all the way down the block wanting to get in.

"The women who came loved it. Finally, there was a place just for them."

But eventually Shadoe, who'd been big since childhood, began having health problems due to her weight.

"I was comfortable with my size emotionally," said Shadoe, 48. "But I was getting pain in my knees, and I developed a stress fracture in my lower back."

Doctors told her that she could be paralyzed from the waist down if she didn't drop some weight.

"I felt I had no alternative, even though I knew I'd face a lot of criticism," she said.

Shadoe, who's 5-foot-9, had gastric bypass surgery in 2005. Within a year, her weight plummeted to 112 pounds, and she went from a dress size of 28 or 30 to a 4 or 6.

"At first, I got a lot of compliments, but then women started turning on me," recalled Shadoe, who now weighs 132. "They said, 'You told us to be happy being big. Now you've gone and got small.' Women at the club felt very uncomfortable around me. It was like, 'What's this skinny girl doing here?' I felt like an outcast."

In 2008, she sold the club, which has been renamed The Big Girl Club.

"I got a lot of compliments, but then women started turning on me"

NOW

Shadoe stays behind the scenes, but still helps women open big girl clubs

"I felt I had no choice," said Shadoe. "People had stopped coming and I realized it was because of me. In essence, my customers forced me out."

To add insult to injury, Shadoe's love life took a nosedive as well.

"When I was big, I was the belle of the ball," said the single mother of one. "But since I've lost the weight, men don't ask me out anymore."

After earning millions from her club, Shadoe now helps other women open big girl clubs around the world.

"I realize I have to stay behind the scenes," she said, "but I have a wealth of knowledge about the way this business works."

BRADLEY'S MAMA KNOWS BEST

BRADLEY COOPER's overprotective mom wants him to kick his latest girlfriend to the curb because she thinks the starlet is just using him to jump-start a Hollywood career, say sources.

The 38-year-old "Hangover" hunk and British model Suki Waterhouse, 20, have gotten serious since hooking up in London early this year, but Gloria Cooper is warning her son he's headed for heartbreak.

"BRADLEY IS WILD ABOUT SUKI," confided an insider. "He's blinded by love and is already talking marriage and kids.

"But his mom is determined to short-circuit the budding romance. She hit the roof after she overheard Suki bragging to friends that Bradley was going to help launch her acting career.

"She thinks Suki is pumping Bradley to introduce her to his high-powered showbiz friends – and then she'll drop him."

As The ENQUIRER revealed, Bradley – who was first spotted romancing Suki in February – initially got cozy with her to make his "Silver Linings Playbook" co-star Jennifer Lawrence jealous.

But Hollywood's hottest bachelor wound up falling for the young beauty, who has just one low-budget screen role to her credit. Meanwhile, he's already whisked her off to Paris and the Boston set of his latest movie.

But pals are certain Gloria – who lives with mama's boy Bradley and has an incredibly close bond with him – will eventually have her way.

"Bradley's mom is his rock, and he listens to all of her advice," said the source. "When push comes to shove, he will definitely choose his mom over Suki."

CHAZ LIP

DESPITE losing a whopping 60 pounds, Chaz Bono is still unhappy with the way he looks and is considering drastic measures to improve his appearance, say sources.

But his mom Cher fears that his solution may cause more problems than it solves.

Cher fears her son will relapse, sources say

Plagued by a chubby face and double chin, Chaz is now said to be contemplating liposuction to tighten it all up.

That prospect has Cher concerned because the transgender activist once suffered a 10-year addition to painkillers, and sources say she's afraid he'll get hooked again while recovering from the procedure.

"Chaz has surpassed his goal of losing 50 pounds, and you'd think his self-esteem would be soaring," said an insider.

"But he's never been more down on himself because the flab around his face makes it look like he doesn't have a neck. And he'd love to shave off his beard, but he doesn't want to expose his double chin.

"HE'S SO FRUSTRATED that he's vowed to go under the knife and get liposuction if diet and exercise don't melt away his double chin and saggy jowls."

When 44-year-old Chaz – who's 5-foot-5 and has slimmed down from a scale-busting 250 pounds – confessed his plan to his mother, she flipped out.

"Cher is petrified about Chaz undergoing a vanity procedure, especially considering his past issues with prescription pill dependency," said the insider.

"Her worst nightmare is that

Chaz has lost 60 pounds. Below, the former "DWTS" competitor was once a gut-busting 250

OSUCTION SECRET!

Chaz has clearly lost weight, but his face remains chubby

Cher's transgender kid plans MORE DRASTIC PLASTIC

Chaz will get hooked on pain pills after the surgery."

But Chaz – born a girl named Chastity to Cher and the late Sonny Bono – has a secret reason for the surgery, said the source.

"Chaz feels the nip and tuck is necessary for him to land a hot woman," explained the insider.

"He figures that looks reign supreme in Los Angeles, and that to win the dating lottery he's got to up his game. He sees liposuction as his last resort."

Chaz's weight-loss odyssey dates back to 2006 when – still a female – he tipped the scales at 215 pounds and signed on to VH1's "Celebrity Fit Club." He lost 24 pounds, but quickly regained it all and more. Hormone injections for his gender transition contributed to his weight woes, and in November 2012 he was approached by the syndicated TV show "The Doctors" to help him drop 50 pounds.

As The ENQUIRER reported, by February he'd reached his goal thanks to intense mixed martial arts workouts, heart-pumping dance sessions and a strict diet.

THE FORMER "DANCING WITH the Stars" competitor initially used the meal delivery service Freshology and claimed: "I've just changed the way I eat. I really avoid grains and starches, so meats and vegetables and fruits are my diet."

The insider added: "It's a bitter irony that Chaz still looks chubby. He's plugging away with his diet and exercise, hoping his face will thin out.

"But if he doesn't see results in a few months, Chaz says he's going to book an appointment for liposuction and have the fat sucked out for good!"

Taylor Swift FLIPS OUT

Singer MAKING MILLION$ SELLING HOUSES

TAYLOR SWIFT has found yet another way to turn her heartache into cold hard cash.

The country cutie, who's built a career on writing songs about her failed romances, is now padding her bank account by flipping houses. According to sources, the 23-year-old songbird made nearly $1 million by selling the Cape Cod property she bought last summer to be closer to then-boyfriend Conor Kennedy.

Former flame Conor Kennedy

"TAYLOR HAS GOTTEN the last laugh on all the guys she's loved before," said one source. "They may have broken her heart, but she's turned it into big profits."

Songs like "Picture to Burn," "Back to December," "Dear John," "All Too Well" and "Better Than Revenge" were inspired by Taylor's breakups with Joe Jonas, John Mayer, Taylor Lautner and Jake Gyllenhaal, among others.

And the practice of creating hit music from heartbreak has made her a fortune. According to "Forbes," she earned $57 million last year, placing her at No. 11 on the magazine's 100 Top Celebrities list.

Now the multitalented performer is adding real estate to her list of moneymaking activities. Last August, Taylor plunked down $4.8 million for a seven-bedroom home near the Kennedy family's Massachusetts compound. But after splitting with Conor – the grandson of Robert F. Kennedy – in September, she listed the house for sale. And in February, it went for a whopping $5,675,000.

"It was like she flipped the house – a good short-term investment," said the source.

On May 1, Taylor moved into her latest acquisition, a stunning waterfront mansion in Rhode Island. According to reports, the asking price for the 11,000-square-foot home was $20 million, but business-savvy Taylor got it for a bargain $17 million, paid in cash!

"If Taylor is crying over her lost loves," the source noted, "she's crying all the way to the bank."

HEY, TRUE BELIEBERS... HERE'S THE TRUTH! Ladies, do NOT belieb so-called "news" reports that **SELENA GOMEZ** jetted to Norway to stage a reconciliation with ex **JUSTIN** "Bad Boy" **BIEBER** – here's the shocking truth: Selena flew the ocean blue because Justin's distraught mom **PATTIE** begged the ex-Disney princess to talk her out-of-control son into ditching his dangerous, druggie "friends" and get professional counseling before he's led down the path to drug abuse! Reports a family source: "Pattie called Selena and made a desperate plea, asking her to convince Justin he needs counseling about the dangers of drugs – and should get rid of the hangers-on that surround him before his life spirals out of control. Selena agreed. She still cares for Justin a great deal, yet refuses to be dragged down the dangerous path he's chosen." After Selena arrived in Norway, Justin – thrilled to see the love he'd left behind – promised her he'd get his act together, but totally balked at drug counseling. "Justin's suddenly realized how badly he's screwed up with Selena, and wants to make up for his stupid shenanigans," said My BieberSpy. "Here's his three-step plan. First, he's quietly arranged to take two days off from his world concert tour for a super-secret surprise – that may include a proposal, if all goes well – on Selena's 21st birthday in July. Next, he's meeting with a famous jewelry designer to create a stunning, one-of-a-kind birthday gift – probably a ring – that will cost a staggering one million dollar$$!" (WOW, folks! I can hardly breathe – and I'm a guy!) Step 3 of Justin's Belieb-it-or-not extravaganza? Said my source: "He's hiring a private jet so they can celebrate her birthday anywhere she wants – in mile-high privacy. And once he's got her up there, he'll croon – for her ears *only*, because no one else will *ever* hear it – a romantic new song he just wrote that tells Selena how desperately he loves her!" When Janice spotted a neighbor in the checkout line eyeballing her cart, she confided: "Yes, the Rogaine's for Billy. He sends me to buy it because he's too embarrassed to get it himself – he doesn't want people to know he uses it." (Don't worry, Billy, we won't mention your hair-raising secret ever...again!)

■ Happy to report that **ASHTON KUTCHER**'s no flash in the pan, after all – shortly after I told you he'd been "dumped" from his years-long gig as spokesperson for Nikon cameras after money haggles during contract renewal negotiations, Nikon assures me that the "Two and a Half Men" star "remains a key part of Nikon's advertising campaign...and a valuable representative of the brand now and in the future." *SNAP*! Sorry we clicked the wrong exposure, Nikon – but we do stand by our rock-solid sources, who reported that several male hunks tested by a major modeling agency were told Nikon was "looking to use unknowns in commercials because they're not expensive." (Sorry we got it wrong, guys, but look on the bright side – I've now featured Nikon/Ashton TWICE! So...any chance of a deal on that cool new Nikon Coolpix P7700?)

IT'S A S-T-R-E-T-C-H! Allison Williams struggles to do a chin-up for her HBO sitcom "Girls." The daughter of news anchor Brian Williams got a little boost from two "athletic supporters."

■ OH, BOY! TV-famous design guru **NATE BERKUS** and studly fiance **JEREMIAH BRENT** drew stares from diners at Hugo's eatery in West Hollywood as the newly engaged couple kissed, cuddled – and eventually escalated the PDA to full-on lip-lock as their waiter waited patiently for them to come up for air! "They were really hot and heavy, and people were rolling their eyes," said My SpyWitness. "It would have been outrageous even for a hetero couple, and suddenly, a man and his wife – with their two young children – got up from their booth nearby and insisted on being moved to a table across the room. Nate and Jeremiah never even noticed – and when their food finally came, they started feeding each other with their forks!"

■ A terrifying explosion on the set of "Criminal Minds" left the cast shell-shocked and near deaf when a helicopter blew sky-high during filming of the season's final episode. Stars **JOE MANTEGNA**, **THOMAS GIBSON** and **A.J. COOK** were getting ready for a scene in which the three of them are running away from the chopper right before it explodes. But because of a breakdown in communications involving the special effects experts, the actors thought they were doing a rehearsal and didn't use earplugs to protect themselves from the loud bang. BAM!!! The unexpected blast caught the stars completely off-guard. A furious Mantegna roared: "No one told us you were doing the explosion. We thought it was another run-through. Now we can't hear a f****** thing!" Ringing ears were the *complaint du jour*!

■ It ain't easy to shake up tough-as-nails **LADY GAGA**, but she flat-out freaked while dining at see-and-be-seen Chateau Marmont – rocking a long black wig, heavy makeup and mounds of dark mascara – when a pal passing by her table did a wide-eyed double-take and told her: "Wow, you really startled me – I thought **AMY WINEHOUSE** had come back from the dead!" Stunned, Gaga ga-ga-gasped, literally dropped her fork on her plate – and dashed off to her room. Half an hour later, La Gaga re-emerged sporting a red wig and subdued warpaint, and not looking at all like the tragic, drug-plagued British star she'd idolized before her tragic death at age 27.

■ Doting dad **ELTON JOHN** was out shopping with 2-year-old son Zachary at an LA supermarket when the tyke suddenly started yanking on Daddy's arm – on fire as he pointed at two uniformed firemen buying groceries. "Elton approached the guys, introduced himself, told them Zac's a huge fan of firefighters and would just *love* to ride on a real fire truck," said My SpyWitness. "The guys said, 'Sure, just follow us back to the station!'" So Zac got his ride on a fire truck, the firefighters got to meet a superstar, and Elton thanked them all for making a child's dream come true – *and* for being "our heroes!" *Aaawwww*!...And how was YOUR week? **– with DEBORAH HUGHES**

NEW MAN & NEW JOB FOR MARIA SHRIVER

– and she also wants a NEW FACE

Friends and family have been urging the hard-driving mother of four to go under the knife in a bid to find Mr. Right

Maria has turned to longtime friend David Phoenix for emotional support

"Maria is finally ready to open her heart"

MARIA SHRIVER has landed a new job with "NBC News," and now pals are trying to fix her up with a new man!

The 57-year-old Kennedy cousin, whose divorce from ex-California governor Arnold Schwarzenegger is nearly final, is also considering plastic surgery to freshen her look, a source says.

"Friends have been offering to find a new guy for Maria for a while now, but she's been resistant," revealed a friend.

"BEING A DEVOUT CATHOLIC, MARIA felt that dating before wrapping up her divorce would be wrong in the eyes of God.

"But she's so excited over her new TV gig that she's considering all sorts of things she never even dreamed about in the past!"

Maria co-anchored NBC's "Weekend Today" from 1987 to 1990 and had a long-running gig on "Dateline" that she quit after Arnold decided to run for governor.

While she no longer had a regular network TV presence, Maria continued to work tirelessly as a political wife, author, mother and crusader for women's rights.

Now with her divorce nearly final, friends and family have been urging the hard-driving mother of four to go under the knife in a bid to find Mr. Right, as The ENQUIRER has reported.

And since NBC's announcement that Maria will be a "special anchor" and editor-at-large for women's issues, she's seriously considering it, sources say.

"Maria has been through a lot, and it's really taken a toll on her," said a close source.

"She's developed terrible wrinkles and bags under her eyes from the stress, not to mention sleepless nights.

"BUT WITH HER NEW TV JOB, SHE'S thinking about freshening up her face before going back on the air.

"And with the financial details of her divorce finally being worked out, Maria's also willing to go out on lunch or dinner dates."

Maria began seeing bodybuilder-turned-actor Arnold in 1977, and they wed in April 1986. Since their split, the only men she's been close to are just friends, said the insider.

The one time she was spotted acting even remotely affectionate with another man was at a kitschy antique store in Topanga Canyon, Calif.

"At one point, Maria even rested her arm on his shoulder as they spoke to a sales assistant," said a source.

But the man remained a mystery and nothing came of it.

As The ENQUIRER has reported, Maria also turned to handsome Hollywood interior designer David Phoenix, a longtime friend who is openly gay, for emotional support.

"Now Maria is finally ready to open her heart to a new man," said the friend. "She wants to find love again and her pals are ready to help. In fact, they've already prepared a short list of potential suitors."

Garth with Trisha Yearwood

★ GARTH BROOKS

In 1993, when Garth was at the height of his career, he admitted in an interview with Barbara Walters that he'd cheated multiple times on his then-wife Sandy Mahl.

Although they claimed to have worked through the issue and remained together for eight more years, one rumor continued to pop up – that Garth was having an affair with also-married country star Trisha Yearwood.

And the talk only intensified with the release of their 1997 duet "In Another's Eyes," a song about a man and woman who secretly fall in love while committed to other people.

Garth filed for divorce from Sandy in 2000 and started openly dating his "friend" Trisha in 2002 – less than six months after his divorce was finalized.

They married in December 2005 and continue to insist their romance began only after both were single.

★ KEITH URBAN

Keith with Amanda Wyatt

Just six months after tying the knot with Nicole Kidman in June 2006, Keith's marriage was rocked when lingerie model Amanda Wyatt claimed she'd been sleeping with the "Sweet Thing" singer throughout his and Nicole's engagement.

And if that wasn't enough of a slap in the face, she revealed that he refused to wear condoms during their trysts.

Keith's publicist called Amanda's claims a fabrication, but the singer later said: "I deeply regret the hurt this has caused Nicole."

Amanda wasn't the first woman to come forward with a story about Keith's cheating ways. In October 2006, The ENQUIRER reported that a porn star told pals she had a torrid sex romp with the country star at an "unofficial" bachelor party three months before his wedding to Nicole.

Willie with Connie Koepke

★ WILLIE NELSON

Willie's womanizing nearly got him killed! When his second wife, Shirley Collie, found out he was expecting a baby with Connie Koepke – who was destined to become Wife No. 3 – she tried to commit suicide. But when her attempt failed, she cornered her cheating husband with a gun and threatened to blow him away!

Tim and Faith Hill have been together for 16 years

★ TIM MCGRAW

Tim McGraw and Faith Hill's 16-year marriage is a true success story, but sources say their union nearly ended in 2008, when Faith laid down the law over Tim's drinking and wild carousing on the road.

"Tim admitted that before he quit booze, he would call home drunk and tell Faith he was going to be late, but she would have no idea what was really going on," said a source. "He and his buddies would go out, flirt with the ladies, get into bar fights, you name it.

"The fear that Tim will cheat is always in the back of Faith's mind."

Now, with Tim being in the best shape of his life, groupies are pulling out all the stops to get his attention.

"A lot of them do end up backstage," added the source. "But Tim knows how cheating can destroy a marriage, and he's not about to go there."

Country's BIGGEST CHEATERS

Scandals that rocked Nashville & beyond

FROM Dolly Parton's "Jolene" to Carrie Underwood's "Before He Cheats," tales about wayward lovers are as central to country music as fiddles and steel guitars.

But the stories of unfaithful partners aren't always fiction – and there are enough REAL cheatin' hearts in Nashville to light up the country music charts for years to come!

As The ENQUIRER reported, the latest scandal led to the collapse of Jason Aldean's marriage to wife Jessica Ussery after he was caught kissing former "American Idol" star Brittany Kerr. The "Big Green Tractor" singer filed for divorce on April 26.

Here's a look at some of the other cheating scandals that have rocked Music City.

Kenny with Lindsey Roland

★ KENNY CHESNEY

Kenny's stripper ex-girlfriend Lindsey Roland said she had a secret rendezvous with the country singer just NINE DAYS before his short-lived wedding to actress Renee Zellweger.

What's worse, the blonde stunner told The ENQUIRER that Kenny didn't even mention that he was about to get hitched!

In the 2006 interview, Lindsey charged: "Kenny...just uses women, and I'm glad Renee saw that.

"He would have made Renee's life a misery by cheating on her like he did with me."

Kenny married the "Bridget Jones" star on May 9, 2005, but she filed for an annulment just four months later, accusing her husband of fraud.

The "Pirate Flag" singer also reportedly cheated on girlfriend Amy Colley with ESPN's Jenn Brown in Cancun, Mexico.

Craig Schelske

★ SARA EVANS

Country beauty Sara was competing on "Dancing with the Stars" in 2006 when she found out that her husband Craig Schelske was two-timing her with the couple's ex-nanny!

Sara admitted that there were problems in their marriage when she signed on to do the twice-weekly reality show, but she thought she could reconcile with her wayward hubby and do the show at the same time.

Things went downhill fast after Sara discovered pornographic photos on her husband's computer, and she was forced to bow out of "DWTS."

In her divorce petition, Sara alleged that Craig "committed adultery, was verbally and emotionally abusive, drank excessively and frequently watched pornography in their home." He denied it and claimed that SHE was the one having an affair. Sara also said in the petition that Craig had more than 100 lewd photos of himself on his computer as well as "several photographs showing (him) having sex with other women." Their divorce was finalized in September 2007.

Mutt Lange

★ SHANIA TWAIN

Talk about a true-life country song!

In 2008, Shania Twain was heartbroken after learning that her husband, Mutt Lange, was having an affair with her best friend, Marie-Anne Thiebaud.

Although Shania was devastated by the betrayal and subsequent divorce, it all worked out in the end. She fell in love with Marie-Anne's husband, Frederic, and married him in Puerto Rico in 2011.

Scandals that rocked Nashville & beyond

★ BILLY RAY CYRUS

In a shocking 1994 tell-all, "My Billy Ray Cyrus Story: Some Gave Too Much," Kari Reeves said she had a sizzling affair with Billy Ray while he was married to first wife Cindy. Kari even claimed she'd had sex with the singer in the couple's marital bed!

After Billy Ray and Cindy divorced in 1991, the "Achy Breaky Heart" crooner began romancing his future wife Tish AND another woman, Kristin Luckey, at the same time. His son Christopher (by Kristin) was born in April 1992, and daughter Miley (by Tish) came along seven months later.

Tish waited years to get her revenge. In 2010, it was widely reported that she had an affair with Poison rocker Bret Michaels. Tish and Billy Ray nearly landed in divorce court but have since managed to patch things up.

Lee with Kimberly Payne

★ LEE GREENWOOD

Lee Greenwood is best known to fans for his stirring patriotic song "God Bless the U.S.A.," but they might be surprised to know he has a reputation as a ladies' man!

In September 2009, The ENQUIRER caught the singer leaving the Hilton Garden Inn near the Nashville airport after a private meeting with a much younger successful Tennessee businesswoman.

"The woman and Lee first dated a long time ago, but they rekindled their relationship after she went through a divorce," a source confirmed to The ENQUIRER.

So what's the problem? Lee's been married to former Miss Tennessee USA, Kimberly Payne, who's now president of Greenwood Productions, Inc., since 1992!

Lee and Kimberly have two sons together. He also has four other kids from previous marriages.

★ BLAKE SHELTON

Blake Shelton and Miranda Lambert have been dodging rumors about his extramarital affairs since the two tied the knot in 2011. Most recently, The ENQUIRER reported that feisty Miranda was furious over her handsome hubby's flirting with his new "Voice" co-star Shakira.

Of course, Blake denies he's strayed and recently told "CBS This Morning" co-host Gayle King that he and Miranda "love" the rumors because it means he's popular.

Ironically, there's long been talk that Blake's relationship with Miranda started with a fling. He divorced his first wife, Kaynette Williams, just eight months after meeting Miranda in 2005.

Rumors have dogged Blake for years. Below, Shakira

★ LYLE LOVETT

Fans couldn't believe it when "Pretty Woman" Julia Roberts married Lyle Lovett – and they were even more shocked when HE cheated on HER!

Just six months after their 1993 nuptials, he was spotted holding hands with old flame Ashley Judd in Nashville. Then his marriage completely soured when he began a secret fling with country singer cutie Kelly Willis – a romance that was revealed when The ENQUIRER published photos of the lovebirds leaving an Austin, Texas, hotel.

Lyle and Julia split in March 1995.

Randy with Libby Hatcher

★ RANDY TRAVIS

Country legend Randy Travis' 19-year marriage to Libby Hatcher ended after she caught him cheating with his dentist's wife.

Super-sleuth Libby, who was Randy's manager for 30 years and wife for nearly 20, planted a spy camera on his tour bus – and got proof that he was engaging in steamy sexual romps with 51-year-old mom of two Mary Beougher.

"The whole thing sounds like a bad country song," a close family friend told The ENQUIRER. "Randy owed his entire career to Lib. She was heartbroken."

The couple divorced in 2010.

Fans were stunned when RiRi got back with Chris late last year

Rihanna ditched by Chris Brown

– after her PLOT TO MAKE HIM JEALOUS backfires!

RIHANNA's ruse to make Chris Brown jealous by cozying up to another woman backfired when HE gave HER the heave-ho, a source told The ENQUIRER.

The 25-year-old Barbadian bombshell was recently photographed sitting on the lap of a masculine-looking woman.

THAT WOMAN LATER took to Twitter and gushed about how "good" Rihanna smells, then added: "Rihanna I miss you." She followed that tweet with an image of a broken heart.

> "She loves to party hard and she loves to shock people"

It wasn't long before those messages sparked talk on the Web about RiRi ditching Chris for a "masculine new" girlfriend. But it was Chris who revealed during a radio interview in Australia that the on-again/off-again couple were going their separate ways.

"I can't be focused on wife-ing somebody that young," he said, then reportedly celebrated his 24th birthday in Las Vegas on May 4 with ex-girlfriend Karrueche Tran.

Fans were stunned when Rihanna got back with Chris late last year. The two had split in 2009 after he beat her savagely during an argument, and those close to her hoped they would stay apart for good.

But, says the source, Rihanna doesn't care what anyone else thinks so long as her career continues to soar.

"There are three things about Rihanna that are absolute," a family friend revealed. "She loves to perform, she loves to party hard, and she loves to shock people.

"They can call her a lesbian – or a fool because she keeps coming back to Chris. But at the end of the day, all she cares about is how many albums she's selling."

Rob cozies up to Katy Perry

Katy adores Rob, says a source

– and THAT SPELLS TROUBLE for Kristen

SEXY singer Katy Perry and screen heartthrob Rob Pattinson have bonded over the fact that they've both been cheated on – and pals hope it's the beginning of a beautiful romance.

The 26-year-old "Twilight" actor left girlfriend Kristen Stewart in Los Angeles and jetted off to New York on April 30, where he met up with Katy, sources say. The two were later spotted together at the Bowery Ballroom, where they took in a show by the indie band Daughter with a group of friends.

After the concert, Rob reportedly took Katy to the Spot lounge at the Trump SoHo, and the pair stayed side by side for much of the night.

"Katy adores Rob," said a source. "She always has. And he's always liked her. He's outraged that she's constantly being betrayed by her men."

Katy, 28, was devastated when her now ex-hubby, British actor Russell Brand, filed for divorce in December 2011, just 14 months after they wed in India. She rebounded with notorious womanizer John Mayer, but as The ENQUIRER recently reported, Katy dumped the 35-year-old rocker in March for cheating on her repeatedly.

Katy with Russell Brand...

...and John Mayer

MEANWHILE, ROB was famously betrayed by 23-year-old Kristen, who admitted last July that she'd strayed with her married "Snow White & the Huntsman" director, Rupert Sanders.

Although Rob and Kristen spent the last month together in L.A., pals say he seemed thrilled to get away.

"He's drawn to Katy," confided a friend. "When they're together there is an obvious chemistry, and their shared heartbreak has made for a strong bond. Everyone's hoping they become an item."

BOSTON BOMBING ORDERED BY CRAZED MOM

America-hating fanatic PUSHED SONS TO KILL 'INFIDELS'

'In those families, you do what your elders tell you to do'

THE Boston Marathon bombers who slaughtered three innocent people and wounded 260 more were ordered to do it – by their mother!

That's the conclusion of a wide-reaching ENQUIRER investigation, which discovered Zubeidat Tsarnaeva was the deadly spider at the heart of a despicable web of jihad.

Driven by her hatred of America, she was radicalized by a mysterious Eastern European Muslim – now hunted by the FBI – and turned her sons into bloodthirsty tools of terror, sources say.

"AUTHORITIES THEORIZE THAT Zubeidat Tsarnaeva was nagging her son Tamerlan, urging him to go on jihad against America," a Justice Department source told The ENQUIRER.

"It's been learned that Zubeidat would tell Tamerlan things like, 'Allah will reward you.' It's clear that SHE was the one who radicalized him.

"According to telephone transcripts provided by Russian authorities, Zubeidat even wanted Tamerlan to go to 'Palestine,' most likely to continue his terrorist training for jihad. But he told her he didn't speak the language."

In a startling contrast, Zubeidat initially embraced the American dream when she and her husband Anzor fled Chechnya for America 11 years ago, sources say. The mother of four attended the Catherine Hinds Institute of Aesthetics and landed a job at the Essencia Spa and Salon in Belmont, Mass.

Zubeidat Tsarnaeva (top) urged her boys to go on jihad against America, starting at the Boston Marathon, says a source

Anzor Tsarnaev

"But she went crazy religious, and I had to let her go," Larissa Dubosarsky, the spa's co-owner, told The ENQUIRER.

"She started wearing a head scarf, bringing in a prayer rug and praying five times a day in the salon. She refused to deal with male clients and wouldn't do waxing."

Zubeidat, 46, also told clients that the 9/11 terrorist attack was a plot to make Americans hate Muslims, and she preached to them from the Koran, sources say.

Her radicalization shattered her 25-year marriage in early 2011, and her husband returned to Dagestan. Zubeidat struggled to get by, doing facials in the living room of her small Cambridge, Mass., apartment.

"You could hear Zubeidat yelling late at night, 'I HATE America! They are all infidels here!'" an insider told The ENQUIRER.

Baudy Masaev

STILL, SHE ENJOYED THE comforts of American life until she got caught shoplifting $1,600 worth of designer clothes from Lord & Taylor and dodged justice by fleeing back to Dagestan in 2012.

Since the Boston bombings, she's insisted in TV interviews that her sons – Tamerlan, 26, who was killed in a police shootout, and Dzhokhar, 19, now in a federal prison hospital – weren't involved in the attack. But a longtime family friend confirmed evil Zubeidat radicalized Tamerlan after she was influenced by the mysterious Eastern European.

"I knew him," Baudy Masaev, 18, told The ENQUIRER. "He was the converted son of Catholic parents. He had a huge influence on Zubeidat and converted her to radical Islam.

"After she was converted, she got Tamerlan to follow her. In those families, you do what your elders tell you to do."

Catherine may have been self-medicating to cope with her mental problems as well as Michael's bout with throat cancer

BOOZE! DRUGS! FIGHTS!

ENQUIRER WORLD EXCLUSIVE

Catherine Zeta-Jones SUICIDE SHOCKER!

TROUBLED BEAUTY IN PSYCH WARD after ugly showdown with husband Michael

DEEPLY troubled Oscar winner Catherine Zeta-Jones was re-admitted to a psych ward amid escalating personal problems and with medical experts raising fears of an increased suicide risk, The ENQUIRER can reveal.

Catherine's latest stint in rehab comes after her being caught boozing and fighting with concerned husband Michael Douglas, sources say.

That's what an ENQUIRER investigation has uncovered about the beautiful star's latest trip to a mental health facility, despite her publicist insisting it's just scheduled maintenance to deal with her bipolar II disorder.

"Michael was frightened for Catherine's safety," revealed a close source. "She seemed to be spinning out of control.

"Catherine had become extremely despondent in recent months and he knew she was drinking more and more. On top of that, she's on medication for her condition – and drinking and drugs is a dangerous combination."

Catherine's previous stint in rehab was in 2011 at Silver Hill mental health hospital in New Canaan, Conn.

ONE MEDICAL EXPERT SAYS THAT MICHAEL HAS every reason to be worried.

"Michael Douglas should be concerned that his wife could harm herself while she is unstable," renowned Orange County, Calif., clinical psychologist Dr. Jack Singer, who does not treat Zeta-Jones, told The ENQUIRER. "Bipolar is controlled by medication, but if the patient doesn't take their medication because they feel good, they can become unbalanced and can hallucinate, breaking their link with reality."

The superstar's marriage has also been experiencing tough times – with Michael even moving out at one point last summer – and Catherine's drinking has sparked many of their confrontations, says an insider.

Their problems burst spectacularly into the open during dinner at an upscale restaurant near their $5 million country home in Bedford, N.Y., says a source.

"Michael had a single glass of wine while Catherine was downing the hard stuff – mixing it up with a martini and then vodka on the rocks," recalled an eyewitness. "Out of the clear blue, she erupted. It wasn't a screaming match, but her voice was definitely raised and she pointed her finger at Michael. He ignored her, but that seemed to aggravate her even more.

"After a few minutes, she finally calmed down and they sat quiet and stone-faced for the rest of their meal."

Meanwhile, the "Rock of Ages" star, who claims to be 43, has repeatedly raised eyebrows among neighbors who've spotted her stocking up at a local liquor store. Catherine purchases multiple bottles of Grey Goose and One Roq Vodka, along with chardonnay wine, sources told The ENQUIRER. One observer confided that when the leading lady hits town "she makes a beeline for the liquor store."

Some people fear the mom of two may have been self-medicating to cope with her mental problems as well as Michael's much-publicized bout with throat cancer and other family heartaches.

> 'Catherine had become increasingly despondent in recent months'

As The ENQUIRER reported, the couple looked distant and miserable during a recent golf getaway in Sea Island, Ga. We also revealed exclusively in March that the two had a secret split during which Michael moved into another house for a few weeks.

THE COUPLE DENIED that report, and an insider says that Michael, 68, is deeply concerned about Catherine and "will do everything he can to help his wife get healthy again."

"When he saw the agony she was going through, with all the highs and lows, he was really alarmed. He told her, 'You need to get help, sweetheart. You can't go it alone.'"

As The ENQUIRER previously revealed, Catherine suffered a meltdown as far back as February 2011 while in London. Two months later, she was admitted to a Connecticut psychiatric facility for treatment of her bipolar disorder, which is marked by wild swings between manic highs and depression-sparked lows.

The superstar couple in happier times

Mental health experts say the disorder is so serious that, left untreated, up to 20 percent of sufferers will try to kill themselves.

Catherine's condition was discussed on national TV when "Celebrity Rehab" host Dr. Drew Pinsky recently told Anderson Cooper on CNN: "People... with bipolar are more likely to kill themselves in a manic state or hypomanic state than in a depressed state."

And psychologist Dr. Terry Lyles, who specializes in stress and trauma but does not treat Zeta-Jones, told The ENQUIRER: "During the low or depressed state, the patient is in the cellar and all negative thoughts including suicide are possible. When they are in the manic state, they feel invincible and may engage in risky or irresponsible behavior."

Dr. Stanley Teitelbaum, a noted clinical psychologist and author of "Illusion and Disillusionment" who has no first-hand knowledge of Catherine's condition, added: "People suffering from bipolar disorder can experience a variety of symptoms including thoughts of suicide. The suicide rate is higher among people with bipolar disorder and those suffering from depression."

Although hospitalization and medication can help bipolar patients, in a 2010 interview, Catherine admitted: "I don't just bring myself down, I bring everyone around me down. It's like a dark cloud...I try and stay positive; being negative isn't good for my personality."

Ask the Vet

WITH DR. JEFF LACROIX

Owning a pet can be a rewarding – but often puzzling – experience. ENQUIRER columnist, top veterinarian Dr. Jeff LaCroix, answers the toughest questions about your four-legged friends.

DO RATS MAKE GOOD PETS?

Q. Our 9-year-old daughter has been begging for a pet. Unfortunately, I'm allergic to dogs and cats and she doesn't want fish or reptiles. Recently, a kid at her school brought in his pet rat for show and tell, and my daughter loved it. Do rats make good pets?

A. A lot of people love "pocket pets," which are easy and economical to care for. And there are said to be about a half-million families in the U.S. that have either a rat or a mouse. When acquired at a young age, rats are easily socialized and handled. Being social they do best in pairs or small groups, but make sure they're the same sex! They're smart and easily trained. One consideration is their short lifespan – two to three years. If this is the pet she wants, then you should certainly give it a try. If the idea of a rat doesn't appeal to you, pretend it's a squirrel with a hairless tail.

OUR DOGS ARE MAKING OUR LAWN BROWN

Q. We have three dogs and what was originally a very nice lawn. Now it is full of dead brown patches where the dogs urinate. It seems to be primarily in our female dog's favorite spots, but the boys often mark where she goes. Is there something we can do, or feed the dogs, to help alleviate this problem?

A. Dog urine can indeed cause dead, brown patches surrounded by a green ring called "lawn burn." The main job of the kidneys is to extract nitrogen waste products through urine. It is this concentrated compound that causes the problem. The reason the female seems most responsible is, unlike the males, she deposits all her urine in one spot. Watering your lawn within six hours of urination will minimize its effect on the grass. Typically, changing the dogs' diet won't help. It is possible that feeding a high quality, low-protein food will decrease the amount of nitrogen in the urine, but this should be discussed with your veterinarian.

JULIA ROBERTS BOYCOTTS SISTER'S WEDDING

Family feud erupts after 'Pretty Woman' REFUSES TO BE BRIDESMAID

JULIA ROBERTS is staying away from her sister's wedding, a source says, because she hates the groom and doesn't want to get stuck with the bill!

Nancy Motes – the star's younger half sister – asked her famous sibling to be a bridesmaid in her upcoming nuptials to John Dilbeck. Julia not only said "no" – she's even refusing to go as a guest, the source added.

"Julia doesn't think much of Nancy's husband-to-be," revealed an insider. "She's convinced he's sponging off Nancy, who doesn't have much money in the first place.

"THEY MOVED OUT TO L.A. FROM Georgia, and John was working at a Panda Express restaurant. But he quit his job after Nancy landed a gig as a production assistant on (the TV musical) 'Glee.'"

John recently made a splash by getting down on bended knee and proposing to Nancy in front of cast and crew members on the Hollywood set of the hit FOX show.

Ironically, the source says it was Julia who got Nancy the job by pulling strings with show creator Ryan Murphy, who directed the 45-year-old actress in the film "Eat Pray Love."

Julia got Nancy a job as a production assistant on "Glee," says a source

This is just the latest in a long list of battles between the sisters.

In 2005, Julia exploded when she caught Nancy, 37, snapping pictures of her then-newborn twins, Phinnaeus and Hazel, at the actress' home in Taos, N.M. And in 2011, the two got into a heated fight after Julia made disparaging remarks about Nancy's weight.

"Now, Julia won't go to her wedding because she's worried Nancy will try to tap her for more money," said the insider.

Apparently, the sisters' mom, Betty Motes, is trying to play peacemaker and patch up the feud before Nancy walks down the aisle later this year.

But the insider said: "Julia told her not to hold her breath."

The A-list showbiz couple

THE JEN & BEN SHOW

Afflecks *BEING CHASED* for reality series

FORGET "Honey Boo Boo"! Here come Ben Affleck and Jennifer Garner.

The ENQUIRER has learned that a Hollywood producer has big plans to convince the Oscar-winning actor/director and his beautiful wife to do a blockbuster reality show.

HE AIMS TO SHOW HOW AN A-LIST CELEBRITY COUPLE handles the trials and temptations of life in the showbiz fast lane. He also wants to reveal the secrets behind Ben and Jen's eight-year marriage.

"It would be great for them to open up about their lives," said the source. "It would help people understand why Ben said 'marriage is hard work' in his Oscar acceptance speech this year."

While the couple certainly doesn't need the money, the producer hopes to pitch the show to them as a way to connect with their fans and promote their many projects. It could also enhance the political aspirations of activist Ben, who recently vowed to live on $1.50 for a day to raise awareness of global poverty.

But the sticking point could be if the producer suggests airing some of Ben's old dirty laundry on the reality show.

Before Ben, 40, and Jen, 41, married in 2005, he was notorious for his womanizing and partying, and he landed in rehab in 2001. "Ben's made some mistakes," said the source, "but with a reality project they could show the world that a marriage based on love can overcome all obstacles."

ENQUIRER WORLD EXCLUSIVE

HILLARY'S SHOCKI

HILLARY CLINTON has decided to tell all in a blockbuster $25 million memoir – so there will be no secrets left to uncover when she runs for president in 2016!

That's what publishing industry sources and insiders close to the 65-year-old former first lady have told The ENQUIRER, and they've shared explosive details of the shocking marital and political lies she's likely to expose.

In a series of bombshells sure to rock the nation's capital and her political supporters all across America, Hillary will finally admit the truth about her sexuality, her recent brain cancer agony and what really happened to Osama bin Laden's corpse.

Hillary's book "Living History"

The ambitious politico will also disclose what former White House intern Monica Lewinsky confessed about her affair with then-president Bill Clinton and divulge the Monica baby news that she's kept secret for 17 years, sources say.

"By writing this tell-all, Hillary will settle old scores and get revenge on her enemies," said a close friend.

JUST TWO MONTHS AFTER STEPPING DOWN from her prestigious post as secretary of state in President Barack Obama's first administration, Hillary landed a $14 million advance to write the book.

"But she'll easily earn as much as $25 million through future royalties," predicted a source familiar with her deal with publishing giant Simon & Schuster. "And as hard as it's been for Bill to stomach, Hillary is going to put it all out there. She'll deal with the fallout when the book is published so it will all be old news by the time she runs for president in 2016."

Insiders say the biggest bombshell Hillary will drop is the flagrant lie she's been telling for decades about the true nature of her sexuality.

"Bill and Hillary are the consummate politicians, and they realize the LGBT community is a huge voting bloc," said a family insider.

"They want lesbians, gays, bisexuals and transgender people behind Hillary in the 2016 campaign. So Hillary's going to come clean for the votes. She'll admit that she's bisexual and has had lesbian relationships."

Hillary dropped a major hint about her coming out in March when she announced her support of gay marriage in a six-minute video.

"Hillary sent a clear message about her true feelings, saying that her 'personal views' about gay life and marriage 'have been shaped over time by people I have known and loved,'" explained the source.

"While Hillary wasn't specific about the identity of those 'people,' her book will reveal all the details."

According to a source, Hillary will also confirm The ENQUIRER's report in 2000 that a veterinarian who treated the family cat Socks at the White House stumbled upon her locked in a steamy embrace with a woman.

Another lie that Hillary will fess up to is her denial that she battled a serious brain crisis before being hospitalized with a blood clot in her head.

As The ENQUIRER reported in January, Hillary struggled with a brain cancer scare when she suffered a concussion after a fainting spell in December 2012.

That incident led to extensive testing to determine whether Hillary's splitting headaches, blackouts, memory lapses, fatigue

own funeral arrangements. Happily, in the end, she didn't have brain cancer."

Hillary's book will also rip the lid off the details of Osama bin Laden's burial at sea (see story below).

After years of remaining mum about her husband's affair with Monica Lewinsky, Hillary will finally disclose her gut-wrenching reaction to the illicit romance, insiders say.

"HILLARY WILL REVEAL THAT MONICA GOT THE message to her that Bill was 'in love' with her and wanted to 'start a family' with her," said the publishing insider. "Hillary will tell the world that when she learned this, she went into a White House bathroom and vomited."

The pal added: "Hillary will also write that Monica had planned on getting pregnant so she could steal Bill away."

The book will also give Hillary the opportunity to get revenge on her former boss – President Obama.

"While Barack and (first lady) Michelle accepted Hillary as someone they could work with, they both hate Bill," said the pal.

"Hillary will address the intrigues at the Obama White House, including Barack's boozing and his tattered marriage. The book will undoubtedly make the Clintons new enemies and further inflame old ones, especially the Obamas. But Hillary believes she'll be so popular by 2016, she won't even need President Obama's support." **by LEON WAGENER**

and fainting were caused by a brain tumor or incurable brain cancer.

Doctors subsequently discovered a blood clot in a vein between her brain and her skull behind her right ear, and dissolved it with blood thinners.

"But in her book, Hillary will admit that she thought that she had brain cancer before undergoing tests," said the pal.

Her brain cancer fears were triggered by a collapse along with the knowledge that her longtime friend, the late Sen. Ted Kennedy, was diagnosed with the brain cancer that killed him after falling, said the source.

"Hillary will write about her agony waiting for the diagnosis and admit she thought she was going to die," said the pal. "During that time, she said goodbye to friends and family. She also drew up her will and even made her

WHAT REALLY HAPPENED TO BIN LADEN'S CORPSE

IN her blockbuster book, Hillary will reveal the conflict that took place in the White House over the decision to kill 9/11 mastermind Osama bin Laden – and what to do with his body after the Navy SEAL mission was carried out on May 1, 2011.

"Hillary will exact revenge on President Obama's senior adviser Valerie Jarrett," said a publishing industry source. "The two women fought bitterly about killing bin Laden. Hillary will write that three times in 2011 she advised Obama to get bin Laden based on CIA intelligence but that he cautiously sided with Jarrett and refused.

"Hillary will also explain why she was against bin Laden's hasty burial in the Arabian Sea. She wanted the press to see the plane with the body arrive back on U.S. soil. Furthermore, she'll reveal that the exact burial location was different from what the public was initially told.

"And to nip conspiracy theories in the bud, she wanted to release graphic death photos of bin Laden's bullet-pocked body. But Obama rejected her plan because he feared it would inflame the Muslim world."

$40 BILLION JACKSON DEATH TRIAL

Lisa Marie's DRAMATIC TESTIMONY

Ex-wife may blow lid off Michael's secrets, EXPOSE their sex life and reveal who REALLY fathered Jackson's kids

LISA MARIE PRESLEY is on the witness list to testify in the $40 billion Michael Jackson wrongful death civil lawsuit – and The ENQUIRER has learned she's sitting on a powder keg of secrets about her ex-husband that could explode in court!

A source says Lisa Marie, 45, will reveal that the late pop star feared he'd die of a drug overdose just like her father, music icon Elvis Presley, and she could spill bombshell details of Michael's prescription drug abuse.

Michael's mom Katherine. Below, Dr. Murray

Lisa Marie – who was married to Michael for 20 months in the mid-'90s – may also rip the covers off their sex life, name the biological father of Michael's three children and explain why the couple never had a child of their own, insiders say.

After the "Thriller" singer died at age 50 in 2009 from an overdose of the powerful sedative Propofol, Lisa Marie said: "I wish I'd saved him." She also told Oprah Winfrey that she suspected he was using drugs at the end of their marriage.

Now she will take the stand in the blockbuster suit that his heirs have filed against concert promoter AEG Live over their hiring of Dr. Conrad Murray, who's been convicted in criminal court of involuntary manslaughter in Michael's death.

"It's clear that Lisa Marie was devastated over Michael's death, and may still be, but there's no telling what she could reveal in court," a Jackson family source told The ENQUIRER.

"In a civil trial, most any topic is fair game, and it's possible Lisa Marie could be asked a lot of personal questions about her marriage to Michael, including intimate details of their sex life. She could also be quizzed about why they didn't have any kids together and whether Michael was even capable of fathering children. She could finally reveal the big secret behind the paternity of (Michael's children) Prince, Paris and Blanket.

"And Lisa Marie will certainly be asked about his drug use."

Prince, Paris and Blanket are involved in the blockbuster suit against concert promoter AEG Live

Lisa Marie and Michael were married for 20 months. The late pop star feared he would die like Elvis, says a source

INSIDERS HAVE CLAIMED LISA MARIE knew about Michael's addiction to the painkiller Demerol, and the family source said: "Lisa called (Jackson's mother Katherine) after his death and said he often spoke about how he didn't want to end up like Elvis."

Attorneys may also grill Lisa Marie – who's now married to her fourth husband, musician Michael Lockwood – about Michael's fixation on young boys as well as problems within the Jackson family, said the source.

"Lisa Marie had known Michael since she was seven years old," said the source.

"Over the years, they shared intimate details of their lives with each other, talking about their ups and downs, joys and heartaches.

"If she testifies, she could blow the lid off his deepest secrets. Both the Jackson family and AEG are very worried about that possibility."

Peggy Sue Thomas in court, where she pleaded guilty to rendering criminal assistance

BEAUTIFUL & DEADLY

Former pageant queen lured her pal's hubby to COLDBLOODED KILLING IN WOODS

IT was dubbed the "Drop Dead Gorgeous" murder – and today a former beauty queen sits behind bars for luring a man to his death in hopes of sharing $500,000 in insurance money.

But when she won the Ms. Washington crown in 2000, Peggy Sue Thomas told judges the biggest challenge facing women was "raising children with morals, even with all the violence, sex and drugs in the media."

APPARENTLY, THE 6-foot auburn-haired mother of two forgot that in December 2003.

That's when cops say she lured Russell Douglas, the estranged husband of a coworker, to some woods on Washington's Whidbey Island on the pretext of giving him a Christmas gift.

Instead, Peggy Sue's then-boyfriend, a married man named James Huden who played guitar in a band called Buck Naked and the Xhibitionists, shot Douglas in the head at point-blank range, authorities say.

THE VICTIM: Russell Douglas

His body was found two days after Christmas by a man walking his dog.

When cops checked the 32-year-old father-of-two's cell phone records, they discovered he'd been in touch with Peggy Sue, a hairdresser who worked at a beauty salon owned by Douglas' wife Brenna. Prosecutors implicated Brenna in her husband's murder, and insurance giant AIG refused to pay off a $200,000 life insurance policy, arguing that the prosecutor had called Brenna an "accomplice."

Brenna, who was never charged, sued, and AIG was ordered to pay up. But Farmer's Insurance avoided paying a $300,000 policy, claiming Russell had failed to disclose a heart murmur.

After the murder, Huden's wife told investigators that both Huden and Peggy Sue had confessed to her about killing Douglas.

"Brenna wanted to be rid of her husband, Jim wanted some money and Peggy would do anything for Jim," Huden's wife Jean told investigators.

Despite that, cops couldn't get enough evidence to file charges, and Peggy Sue fled to Las Vegas, where she worked as a limo driver.

In 2006, she married millionaire oilman Mark Allen and moved to his New Mexico horse ranch.

In 2009, his thoroughbred Mine the Bird, a 50-1 longshot, won the Kentucky Derby. When their marriage ended in 2010, Peggy Sue got $700,000 and a $500,000 houseboat that she christened "Off the Hook."

Cops finally arrested Huden in June 2011 in Mexico, where he'd been living for six years. They busted Peggy Sue a month later on her houseboat in New Mexico. Both were charged with first-degree murder. Huden, 58, was found guilty last summer and sentenced to 80 years in prison. Prosecutors offered to cut his sentence if he testified against Peggy Sue, but he refused.

> "She escaped a major-league crime with a minor-league sentence"

As a result, the murder charge against her – which carried a sentence of up to 45 years – was dropped. Instead, she pleaded guilty to a charge of rendering criminal assistance.

On Feb. 14, the 47-year-old got a slap-on-the-wrist sentence of four years – much to the disgust of Russell's father, Jim Douglas, who said: "She escaped a major-league crime with a minor-league sentence."

Lonely heart Martha UNDER ATTACK

Sex-starved domestic diva looking for lover ON DATING WEBSITE

AFTER Martha Stewart joined *Match.com* in a desperate bid to jump-start her comatose love life, critics are blasting her for promoting promiscuity among seniors!

The 71-year-old domestic diva recently posted her profile on the Internet dating site, and later told Matt Lauer on the "Today" show that she's looking for a man to "go to bed with and wake up in the morning to."

While that may seem like an innocent wish to some, relationship experts say she's sending out a very bad message to elderly daters.

"It's very irresponsible of her to suggest that she is looking for a sleeping partner and not a long-lasting relationship," said Dr. Jack Singer, a clinical psychologist and sex therapist from Orange County, Calif.

"She should have emphasized that she wants to develop a relationship with someone of substance and then, down the line, have a romantic or sexual relationship with him."

Want kids: No, but it's OK if my partner has kids
Ethnicity: White / Caucasian
Body type: Athletic and toned
Height: 5'9" (175cms)
Faith: I'll tell you later
Smoke: No Way
Drink: Social Drinker

DR. SINGER POINTS out that many online daters lie about their personal and sexual histories, and that sexually transmitted diseases are on the rise.

In fact, the rate of STDs – including chlamydia, gonorrhea, syphilis and HIV – has doubled in the 50-90 age group over the past decade.

The domestic diva, who is currently promoting her new book, "Living the Good Long Life," has been single since her split with software magnate Charles Simonyi more than five years ago.

Since then, a source said: "Friends and family have tried to set Martha up on blind dates, but she hasn't found a love connection. So now Martha is going to literally hold auditions to find a man."

On Martha's dating profile, she describes herself as "athletic and toned" and says she's seeking men between the ages of 55-70 in the New York City area. Social drinking is OK, but smoking is a deal-breaker. And her dream guy needs to bring in more than $150,000 a year.

Dr. Judy Kuriansky, a noted New York-based clinical psychologist and author of "The Complete Idiot's Guide to Dating," believes Martha's foray into online dating is nothing but a calculated publicity stunt.

"Her businesses are struggling and she wanted to say something sensational that would get people's attention and help promote her new book," said Dr. Kuriansky.

Wealthy Charles Simonyi was Martha's last serious boyfriend

"BUT I HAVE BEEN WARNING people for the past decade about the dangers of sexually transmitted diseases among seniors, and she should not have been so flip about saying that what she wants in a man is someone to go to bed with.

"This statement would be associated with having sex with the person, which makes the remark irresponsible and promotes promiscuity."

DRESSED to THRILL

NICOLE RICHIE
Judging by her scrawny legs, I'm guessing the "Fashion Star" mentor chose this long-sleeved funnel-neck sack to cover up the rest of her emaciated figure. Even her shoes look too big.

CAREY MULLIGAN
The lipstick-red stands out, but Carey's strapless Lanvin column and simple hairstyle are far too plain for the world premiere of "The Great Gatsby" remake. After all, she is the star of the show.

ISLA FISHER
A gaggle of grannies must have spent months tatting the lace for this floor-length skirt! It totally drags down the fresh floral print top of Isla's Dolce & Gabbana gown at "The Great Gatsby" premiere.

DUCHESS OF CAMBRIDGE
Just peachy! The royal baby bump is blossoming, and Kate absolutely glows in a Tara Jarmon coat over an above-the-knee dress in a lighter hue. She adds neutral accessories by L.K. Bennett.

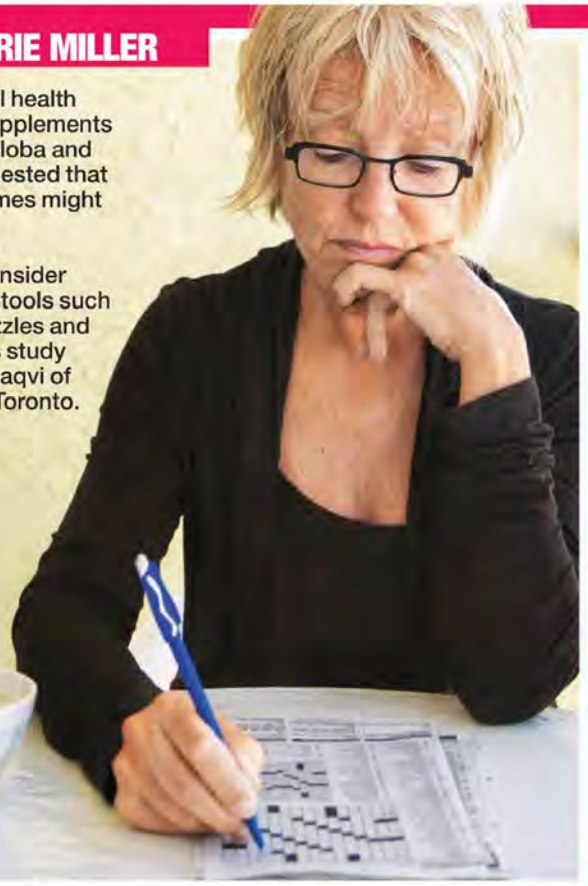
CAN YOU AVOID MENTAL DECLINE?



There's no scientific evidence that drugs, herbal products or vitamin supplements help prevent declines in memory, judgment and decision-making skills that often occur with age.

However, there is some good news – simple mental exercises can help keep the mind sharp.

Canadian researchers found little mental health value in herbal supplements such as gingko biloba and fish oils, but suggested that brain-training games might be helpful.

"We encourage researchers to consider easily accessible tools such as crossword puzzles and Sudoku," advises study author Dr. Raza Naqvi of the University of Toronto.

Cancer survivors' WARNING!

Surviving cancer takes a toll on the heart!

In a survey of nearly 1,600 long-term cancer survivors, investigators from Wake Forest Baptist Medical Center found that heart disease risk factors were more common in survivors than in the general population.

Among survivors, 62 percent were overweight or obese, 55 percent reported having high blood pressure, about 21 percent had diabetes and more than 18 percent had sedentary lifestyles.

"As part of good survivorship health, it's going to be increasingly important for health care providers to assess and address cardiovascular risk in cancer survivors," says Kathryn E. Weaver, assistant professor of social sciences at Wake Forest Baptist.

VITAMIN D & uterine fibroids

Lowering your risk of uterine fibroids could be as easy as getting a daily dose of vitamin D from the sun.

A new study involving more than 1,000 women in their 30s and 40s found that those with sufficient D levels were a whopping 32 percent less likely to develop noncancerous tumors of the uterus.

Women who reported sun exposure of at least an hour a day also had lower fibroid risk.

"It would be wonderful if something as simple and inexpensive as getting some natural sunshine on their skin each day could help women reduce their chance of getting fibroids," says Donna Baird, a researcher at the National Institute of Environmental Health Sciences.

Woeful WESTERN DIET

If it doesn't kill you outright, the traditional Western diet – loaded with fried foods, sweets, processed and red meats, refined grains and high-fat dairy – could put you at risk for premature death.

A long-term British study of more than 5,000 adults showed that those who ate a diet high in fat and sugar were less likely to be in good health to enjoy their golden years.

"Avoidance of the 'Western-type foods' might actually improve the possibility of achieving older ages free of chronic diseases and remaining highly functional," notes researcher Tasnime Akbaraly.

CRYPTOGRAM QUOTES

FAMOUS QUOTES FROM YOUR FAVORITE PEOPLE

Cryptograms are coded messages. To solve the Cryptogram, each coded letter must be replaced by the answer letter in the box overhead. When you solve the code for a letter, write the answer letter in the box everywhere the coded letter appears. Look for common words and letter patterns to break the code. Words like AND, I, THE and A are found frequently. Common word endings are ING, S and E.

A Life Without 'Belly Fat'

How One Woman Overcomes Tragedy and Creates the Life She's Always Wanted – By Tiffany Strobel*

Mindy DeForest's wake-up call about her weight problem was heartbreaking and profound: her sister died of colon cancer. "My sister was overweight, and I knew that being overweight myself put me more at risk for all sorts of health issues," she says. "I knew something had to change."

At 208 pounds, Mindy was the heaviest she'd ever been. Even having children hadn't caused her to gain so much weight, but the stress of caring for and eventually losing her sister, as well as being in an unhappy marriage, had caused her weight to balloon. "I'm a total stress eater," she says. "I kept turning to food for emotional reasons, and I was really putting on weight."

Like most people, Mindy had tried dieting in the past. Over the course of ten years she tried Weight Watchers, Body for Life, ephedra... pretty much everything. But unfortunately, nothing was working for her.

Mindy decided to try losing weight one more time, so she began working with a personal trainer. It didn't take long before her trainer realized that a big part of her weight-gain issues revolved around stress eating, so he recommended she try a product called Relacore®.

"He told me it was a 'belly fat' pill that could help me feel less stressed, give me energy, and improve my mood," Mindy says. She admits she was pessimistic after having tried so many products that hadn't worked in the past, but says, "My trainer really believed in it, so I agreed to give it a try."

It didn't take long before Mindy was convinced of Relacore's effectiveness. "I really noticed a difference in my mood. I was in the process of getting divorced and was worried I'd suffer from depression, but Relacore made a huge difference for me. I never felt down. I stopped my 'nervous' eating. And I could really tell from my mood when I missed a day, so I knew it was doing something for me."

Before long, the inches started dropping off, and Mindy's entire life began to change. "My self-esteem went through the roof. I started getting job offers, and I felt like for the first time in years, people were paying attention to me. When I was overweight it was like I just blended into the background, but then I started getting thin and all of a sudden people were noticing me." But then Mindy hit the dreaded "weight-loss plateau" and almost gave up on ever reaching her goal...

until her trainer recommended a second product: Zantrex®-3 High Energy Fat Burner. "He told me it could help me get past my plateau and start losing again," Mindy says, "and I'd had so much success with Relacore that I didn't hesitate to try it."

Mindy added Zantrex to her Relacore/diet and exercise regimen, and it gave her the extra boost she needed to blow through her plateau and start dropping even more weight.

"With help from Relacore and Zantrex, I've lost 55 pounds, and I'm still going. I haven't been this thin since my twenties. I just bought a new skirt, and when I was trying it on it felt so amazing to keep telling the store clerk to bring me a smaller size. I ended up buying a size 2. It was awesome. I couldn't believe it."

But for Mindy, the greatest accomplishment isn't being able to fit into a size 2. "It's knowing that I really had the power to change my life. When I was overweight, I was miserable. But now everyone around me can see the difference losing weight has made not just in my physical appearance, but in everything. I have energy, I'm positive, I'm outgoing. My whole outlook on life has changed. I'm just so happy."

Heard about "Combo-Pilling"?

The highly controversial practice of Combo-Pilling is truly an underground phenomenon. Odds are, if you know someone who's losing lots of weight, and losing it fast, you probably know someone who's Combo-Pilling... like Mindy D. Why? Because it allows people to attack multiple facets of weight loss – like dropping fat, overcoming stress eating, and having enough energy to work out – all at the same time. According to the Internet, the most popular Combo-Pilling duo is Zantrex and Relacore. You can find them both at *Wal•Mart, Walgreens, Rite-Aid, CVS,* and *GNC,* or order them separately from Zantrex-3 at Zantrex3.com (1-800-544-2919) Relacore at Relacore.com (1-800-382-9062) or at **TryComboPilling.com.**

What's hot this week

Rules of Engagement (Season Finale)

Monday, May 20, 8:30 p.m. ET, CBS

Tonight's landmark 100th episode not only features two blessed events but some unexpected surprises as well. As Brenda (Sara Rue) is about to have her baby, Jeff (Patrick Warburton) gets squeamish about being in the delivery room. But as it turns out, Audrey (Megyn Price) is the one who gets queasy during the birth. With the baby's arrival coinciding with Adam (Oliver Hudson) and Jen's (Bianca Kajlich) wedding date, Adam stages an impromptu ceremony at the hospital in this very special Season 7 finale. David Spade and Adhir Kalyan also star.

Scott Foley, Becki Newton and T.J. Miller

The Goodwin Games (New Show!)

Monday, May 20, 8:30 p.m. ET, FOX

This whimsical and warmhearted comedy from the creators of "How I Met Your Mother" is a funny and surprising treasure hunt in search of the answer to the question: Is having a loving family worth more than $20-plus million? Beau Bridges is at his dramatic and comic best as a once-playful, now-deceased millionaire who leaves a game show of a will for his estranged children (Becki Newton, Scott Foley and T.J. Miller). Through an elaborate series of videotaped instructions, which they must follow to inherit, he bonds with his brood from beyond the grave with challenges that evoke happy family memories. Instantly enjoyable, "The Goodwin Games" is a winner!

Criminal Minds (2-Hour Season Finale)

Wednesday, May 22, 9 p.m. ET, CBS

The game of cat and mouse between the Behavior Analysis Unit and the Replicator, the serial killer who has been stalking the unit and re-creating their solved cases, gets even more intense tonight when the murderer targets a BAU team member. Meanwhile, Hotch (Thomas Gibson) learns that his estranged brother, Sean (Eric Johnson), is caught in the middle of the team's latest investigation of a string of apparent ecstasy overdose deaths in Manhattan in this riveting eighth season finale. Joe Mantegna and A.J. Cook also star. Mark Hamill ("Star Wars") guest stars as biochemistry genius John Curtis.

Joe Mantegna and Thomas Gibson

Anne Heche

Save Me (New Show!)

Thursday, May 23, 8 p.m. ET, NBC

Anne Heche is truly inspiring in this delightfully quirky comedy with a God complex. Beth Harper (Heche) is a hard partying alcoholic and poor excuse for a wife and mother. But all that changes when she chokes to death on a hero sandwich. The next morning, Beth is miraculously alive and has somehow tapped into the part of her brain that Tibetan monks believe is a direct line to the Almighty. With her newfound knack for prophecy and ability to see into the hearts and minds of others, Beth means to make things right with everyone she's wronged. And it's a very long list! Madison Davenport and Michael Landes also star.

TUC WATKINS' GAY REGRETS

Hunky soap star, 46, WISHES HE'D COME OUT EARLIER

The cast of "One Life to Live"

"One Life to Live" star Tuc Watkins finally came out as gay – but the 46-year-old actor fears it's already too late to find a mate to help him raise his two adorable babies!

Watkins made a double-whammy announcement on a talk-show appearance that aired April 29. He proclaimed that his whole life "I knew I was gay" and also revealed he recently welcomed twins, daughter Catchen and son Curtis, into his home with help from a surrogate mother.

FRIENDS WERE STUNNED TUC – who found fame as wacky schemer David Vickers on "OLTL" – took so long to come out of the closet, especially since he also portrayed a gay character, Bob Hunter, for five seasons on "Desperate Housewives."

"Tuc's co-stars Eva Longoria and Teri Hatcher said they

> 'He feared he would lose credibility if fans knew he was gay'

were behind him all the way if he wanted to make the big announcement," confided an insider. "But he still wouldn't do it."

The problem was that Watkins played a straight guy on the daytime soap for nearly 20 years.

"He feared he would lose credibility in the role if fans knew he was gay in real life," noted a friend.

Sadly, he paid a heavy price for keeping his sexuality a secret.

"Tuc had a serious relationship in the 1990s, but it ended because his partner couldn't handle his double life," disclosed the pal.

Still, the actor longed to have a family, and earlier this year brought home his infant twins, who are now 4 months old. Friends say Tuc is now resigned to raising them on his own.

Your cheatin' heart

I love Miranda Lambert and Blake Shelton as a couple and would like to think that he would not cheat on her (Miranda's Jealous Rage Over Shakira, April 15). Flirting with someone does not make you a cheat. Blake and Miranda, be happy and be good to each other. Life is short.

– Donna L., Lewisburg, Ohio

Kelly's folly

So Kelly Preston has decided to divorce John Travolta unless he becomes more supportive of her career (John & Kelly $220 Million Divorce!, April 15). How about the gay scandals while traveling the globe? Kelly, get your priorities straight.

$50 Letter of the Week

Congrats to Colin

I hope others will get smart like Colin Farrell did. It was good to read about him turning his life around to experience the pleasures of parenthood (Colin Farrell Quits Skirt-Chasing!, April 8). All the money in the world cannot duplicate a full heart and watching children grow and learn.

HOW TO PLAY

You must fill in every empty square in the Sudoku grid. There's no right way of going about this, but there is only ever one solution. The big grid is split into nine mini-grids. There are nine rows running left to right and nine columns running down. In every row, you must have each of the numbers 1, 2, 3, 4, 5, 6, 7, 8 and 9. These can be in any order. The same applies to columns and mini-grids: place every number 1 through 9 in each column and in each mini-grid.

SOLUTION TO COLORCROSS #18, SEE PAGE 56

Brantley was thrilled with the show of solidarity from his peers

"We start the beginning of the year talking about (how) we're all different"

THE EYES HAVE IT!

Bighearted kids WEAR PATCHES to support their injured pal

Brantley Rogers (circled) returned to school to find he fit right in with his teacher and classmates

WHEN you're 6 years old, fitting in with your peers is a big deal. And little Brantley Rogers was certain that wearing an eye patch to school was going to make him the center of attention for all the wrong reasons.

But a wise and bighearted teacher managed to vanquish Brantley's apprehension and give her whole class an important lesson in compassion and tolerance.

BRANTLEY'S DILEMMA BEGAN IN FEBRUARY, WHEN the adorable kindergarten student from Jacksonville, Fla., accidentally poked himself in the eye with a stick. He suffered a severe laceration to his cornea, which required stitches. Doctors told the tyke he'd need to keep his eye covered with a patch for three months until the injury healed and the stitches were removed.

While his mom Candy was thankful that Brantley hadn't lost his eye in the ordeal, she now had a new challenge on her hands: Brantley was too embarrassed to go to school.

"He was worried what the kids were going to think about him," Candy recalled. "He said, 'Mom, I just want to be normal. What if they make fun of me? Can I just take it off while I'm in class?'"

When Brantley's teacher, Julia Brown, heard about Brantley's problem, she came up with a plan to make him feel good the moment he arrived to his classroom at Callahan Elementary. He returned a week after the accident and was delighted to be greeted by a roomful of friends wearing big smiles – and eye patches!

Thoughtful Mrs. Brown had asked each of her students to make an eye patch to wear for Brantley's first week back at school – and she even donned one too!

Mrs. Brown with her A+ pupils

She knew how important it was for Brantley to feel accepted among his classmates.

Speaking of young students, Mrs. Brown explained: "If they're not comfortable in our learning environment, then everything I say or try to teach them is not going to do them any good."

But this assignment, she says, was for the benefit of all her students, not just Brantley.

"We start the beginning of the year talking about (how) we're all different," explained Mrs. Brown. "We all like different things, and we should accept that."

Brantley was thrilled by his classmates' show of support, and mom Candy was overwhelmed by the thoughtfulness of his teacher.

"I think we get mixed up in the rush of everyday life and sometimes people just tend to forget the little things that really, really matter," said Candy. "I just felt like she went above and beyond just to make him – one little child – feel good. To me he's the world, but to everybody else he's just another 6-year-old. It made me feel so special."
